WE ARE FOR THE LOVE OF CATS

For the Love of Cats, Inc. is a 501 c3 non-profit organization dedicated to saving the lives of cats and kittens throughout the underserved communities of Collier County. We are an animal welfare group operating through the generous tax-deductible donations of our community members.

Our mission is to end the cruelty of pet overpopulation. Our programs include working with the community to sterilize stray, community and feral cats through TNR (Trap-Neuter-Return), assisting low-income families with low cost spay/neuter, wellness and emergency veterinary care, distributing pet food to families in need, along with other support programs to help people to keep their pets.

Our Vision is a world where all cats' lives matter.

HURRICANE PLANNING GUIDE FOR YOUR PETS

If you evacuate, even for a few hours,
TAKE YOUR PETS WITH YOU!

TASK LIST

Find A Safe Place To Stay

- Research pet-friendly lodging in several directions, note cancellation policies, and make needed reservations.
- Consider staying with friends and family
- Know your hurricane evacuation routes.

Ask An Out-Of-State Friend Or Relative To Be An Emergency Contact For Family And Pets

Have All Pet Vaccines Up To Date

Create A Pet Information Sheet And Put In A Water-Proof Zip-Lock Bag

- Veterinarian name, address, + phone number
- Health records for each animal
- Medical/behavior issues
- Feeding/medication schedule
- Microchip numbers for each animal
- Take a photo of your family and your pet together for proof of ownership and another of just your pet

Make A Flyer For Each Of Your Pets

- Put your pet's name at the top of the flyer, add both photos, in-state and out-of-state contact information, unusual markings or colorings on the animal.
- Make 10 copies of each flyer.

Have A Large Carrier For Each Pet

- They should have enough room to stand up and move around as well as room for food and water bowls and a shoebox size litter box, if needed.
- Mark your name, address, phone numbers, and emergency out-of-state contact information with a permanent marker.
- Put a laminated label on the carrier with any medications (including dose and frequency) with veterinarian and pharmacy phone numbers.
- Line each carrier with a puppy training pad in case of accidents or spills.

Put Identification On Each Pet

- Microchip and register each of your pets.
- Collar or harness with rabies number, pet name, your name, address, and phone numbers.
- Add additional tag with emergency out-of-state contact information.
- Have a spare writable collar or tag for temporary addresses.

Some families choose to prepare to evacuate in the event of major storms while others choose to shelter-in-place. Even if you plan to evacuate only for a few hours, bring your pets with you.

Be prepared to move before disaster strikes. Keep pets safely secured in a pet carrier with their collar on when traveling for maximal safety.
